	<p>noted 1:1 supervision would be utilized as needed. Staff F stated the Team Leader and the Administrator decided when 1:1 supervision needed to go into effect. Staff F said the facility used to schedule three direct care staff per shift but due to funding changes, only two direct care persons were now being scheduled. If Resident #1 was to have 1:1 supervision, one of the two scheduled staff had to provide it. Staff F confirmed the facility questioned Resident #1's level of care and added they have attempted to find placement for Resident #1 but have been unsuccessful so far.</p> <p>On 6/27/17 at 3:56 p.m. Staff F was asked why some staff reported Resident #1's supervision to be 1:1 from 6:00 a.m. - 8:00 p.m. but the service plan as written by Staff F failed to include this level of supervision. Staff F reported the nurses had never informed her of this change in supervision. Staff F said nurses can make changes in direct supervision of the resident for safety reasons. However, they were to inform her in order for the service plan to be updated. Staff F thought with all the staffing changes in nursing, Resident #1's level of supervision changes were not always communicated.</p> <p>FACILITY RESPONSE:</p>
