Definitions:

The following definitions are relevant:

Regulatory Insufficiency - A violation of a statutory or rule provision within the Iowa Code or Iowa Administrative Code (IAC) governing assisted living programs. A regulatory insufficiency requires a plan of correction to be presented to, and approved by, the Department of Inspections and Appeals (DIA).

Plan of Correction - A written response to one or more regulatory insufficiencies that are rule violations. IAC r. 481-67.10(5). The plan should identify how, and by a specific date, an insufficiency will be corrected. The plan is due to DIA within ten (10) working days of the program's receipt of an Incident Investigation Report. Depending on the circumstances, DIA may revisit the assisted living program to confirm progress in fulfilling a plan's corrective measures.

Dementia-specific assisted living program - An assisted living program certified under 481 IAC - chapter 69 that: serves fewer than fifty-five (55) tenants and has five (5) or more tenants who have dementia between Stages 4 and 7 on the Global Deterioration Scale or serves 55 or more tenants and 10 percent or more of the tenants have dementia between Stages 4 and 7 on the Global Deterioration Scale or holds itself out as providing specialized care for persons with dementia, such as Alzheimer's disease, in a dedicated setting.

Overview:

An on-site revisit was conducted at Oakwood Place Assisted Living on July 20 & 21, 2011. In preparing this report, the following information was considered:

Current Program Census:

General Population Program (GPP)* – A program that is not a Dementia Specific program, but may have tenants with cognitive disorder.

Current number of tenants without cognitive disorder: 35

Current number of tenants with cognitive disorder: 1

Total Population of GPP: 36

Dementia Specific Program (DSP)* – A program that is dementia specific and provides specialized care in a dedicated setting.

Total Population of DSP: 14

Total Census of ALP: 50

***These are the census numbers represented by the program to be applicable at the time of the on-site.**

Program History – The program had regulatory insufficiencies during this certification period in the areas of Tenant Documents, Service Plan, Food Service, Staffing, Dementia Specific Education, Record Checks, Other (Not reporting Dependent Adult Abuse), Other (Not following policy and procedures), Nurse Review, Tenant Rights, Criteria for Exclusion of Tenants and Medications.

On-Site Monitoring Evaluation – The monitor(s) made the observations detailed in the following areas.

A. Tenant Rights

Incident Allegation #32557R-I: The Program received a regulatory insufficiency regarding Tenant #1 at the time of the February 15, 2011 visit related to all tenants had the right to receive care, treatment and services which were adequate and appropriate.

- **Monitoring Observation:** Tenant #1 was discharged on 3-3-11.

Incident reports for the past three months were reviewed and did not identify any elopements. Review of six tenant files indicated none of the tenants exceeded the appropriate level of care.

Staff #1, #2, #3, #4 and #5 did not identify any current tenants that had eloped. Staff #1, #2, #3, #4 and #5 did not identify any tenants that received scheduled welfare checks that were documented.

The RN Manager stated none of the current tenants had eloped. The RN Manager stated none of the current tenants received scheduled welfare checks that were documented.

A community meeting was held with seven tenants. The tenants responded positively to care needs being met. They described the care received as very good and stated the staff were friendly and helpful. The staff knew what services to provide and was trained to provide the services needed. The tenants made their own decisions and provided no recommendations on any improvement areas.

Tenant council meeting minutes were reviewed for the past three months and did not indicate any concerns with staffing or tenant rights.

- Regulatory Insufficiency: None noted.

Dated this 26th day of July, 2011.
